BOSS®

made to work.

Industrial/Maintenance Products

BOSS® 600 ELECTRICAL PARTS CLEANER

Quickly dissolves and flushes away greases, oil, and dirt while leaving no residue. Dismantling is eliminated on most equipment. Use on air conditioning equipment, electric motors, alternators, starting motors, cables, controls, regulators, relays, signals, solenoids, electrical contact points, connections, air compressors, battery chargers, grinders, portable tools, pumps, welders, and more. Not safe for use on rubber or plastic parts.

Item No. 60016

BOSS® 605 COPPER ANTI-SEIZE COMPOUND

A superior high quality anti-seize lubricating compound composed of very fine copper particles in a special high heat petroleum carrier. Shields surfaces by providing a lamination of solid lubricants, and operates at temperatures over 1800°F. Exceeds military specification MIL-A-907D.

Item No. 60576

BOSS® 606 PENETRATING OIL

A multipurpose light oil formula for automotive, industrial, and marine maintenance repair. Protects hand tools, power tools, and small machinery from corrosion. Prevents rust and corrosion by depositing an ultra thin film that coats and penetrates the surface pores of metal. Penetrates to quickly free rusted bolts, nuts, and sliding parts. Displaces moisture to dry out damp electrical parts.

Item No. 60612

BOSS® 615 SILICONE LUBRICANT

A dry film lubricant formulated for safe, effective use in food processing environments. The active ingredients comply with FDA and USDA regulations where processing of food or food containers may occur. Colorless, nontoxic, low in viscosity, nonstaining, noncorrosive, and suitable for most surfaces including metal, plastic, rubber, vinyl, leather, and wood. Applications in food processing environments include use on conveyors, heat sealers, knives, slicers, grinders, mixers, packaging and bottling machines.

Item No. 61512

BOSS® 618 TEFLON* LUBRICANT

A high performance penetrating lubricant formulated for use in harsh environments where standard spray lubricants fail. Superior penetrating action quickly removes dirt, grime, and rust from bolts and mechanisms and helps to free locked nuts. Its unique formulation inhibits rust and corrosion, withstands high temperatures, salt spray and corrosive environments. It displaces moisture and lubricates with the lubricity of teflon*. It is ideal for all your MRO needs.

*Teflon is a registered trademark of E.I. DuPont.

Item No. 61812

BOSS® 635 SPRAY ADHESIVE

A high quality, multi-purpose spray adhesive which provides a fast, strong bond. Water resistant and contains no CFC's. Adheres to a variety of materials. Many applications for home, auto, industry and arts and crafts.

Item No. 63512
